INSTRUCTIONS FOR USE

This product contains 1.0 grams of xanthophyll active per pound or 2.2 grams of xanthophyll active per kilogram. Mix thoroughly in complete feed. The product can be used as a source of red pigment. Its high capsanthin content will leave eggs as a deep yellow-orange color when used as the sole source of pigmentation. This product can be used alone or in combination with Organic ORO GLO® to further adjust yolk coloring. Use within 60 days of opening.

STORAGE

Store in a cool and dry place with no direct sunlight. Store open bags in closed containers.

PACKAGING

20 kg bag
