| Product Code | Product Category | Description                                                                                    | Size    | Unit Price                 | Quantity | Total |
|--------------|------------------|------------------------------------------------------------------------------------------------|---------|----------------------------|----------|-------|
| P120-1       | Antigen          | WNV Positive Control; Noninfectious Recombinant COS-1 Cell Culture Supernatant Antigen for EIA | 1 mL    | \$292.50                   |          |       |
| P120-4       | Antigen          | WNV Positive Control; Noninfectious Recombinant COS-1 Cell Culture Supernatant Antigen for EIA | 4 mL    | \$1,042.50                 |          |       |
| N130-1       | Antigen          | WNV Negative Cell Control COS-1 Cell Culture Antigen for EIA                                   | 1 mL    | \$142.5 or N/C with P120-1 |          |       |
| N130-4       | Antigen          | WNV Negative Cell Control COS-1 Cell Culture Antigen for EIA                                   | 4 mL    | \$142.5 or N/C with P120-4 |          |       |
| PM120-270    | Antigen          | WNV Noninfectious Recombinant COS-1 Cell Culture Antigen for MIA                               | 0.27 mL | \$375.00                   |          |       |
| PM120-1      | Antigen          | WNV Noninfectious Recombinant COS-1 Cell Culture Antigen for MIA                               | 1 mL    | \$1,042.50                 |          |       |
| NM130-270    | Antigen          | Negative Cell Control COS-1 Cell Culture Antigen for MIA                                       | 0.27 mL | \$225.00                   |          |       |
| NM130-1      | Antigen          | Negative Cell Control COS-1 Cell Culture Antigen for MIA                                       | 1 mL    | \$375.00                   |          |       |
| pmAB140-2    | Antibody         | Equine IgM Antibody, anti-West Nile Positive Control                                           | 1 mL    | \$150.00                   |          |       |
| E170         | Antibody         | Goat anti-Equine IgM Antibody                                                                  | 1 mL    | \$165.00                   |          |       |
| D154-1       | Antibody         | Monoclonal Antibody 6B6C-1 Affinity purified Ascites (unconjugated)                            | 1 mg    | \$442.50                   |          |       |
| DC153-100    | Antibody         | Monoclonal Antibody 6B6C-1, HRP Conjugated (for Flavivirus including WN & Zika Viruses)        | 0.1 mL  | \$1,042.50                 |          |       |
| DC155-100    | Antibody         | Monoclonal Antibody 2A2C-3, Affinity purified and HRP Conjugated (for Alphaviruses)            | 0.1 mL  | \$742.50                   |          |       |
| IV-EEE-1K    | Antigen          | Eastern Equine Encephalomyelitis, Killed Virus Antigen w/formalin                              | 1 mL    | \$292.50                   |          |       |
| IV-WEE-1K    | Antigen          | Western Equine Encephalomyelitis, Killed Virus Antigen w/formalin                              | 1 mL    | \$292.50                   |          |       |
| SMBNC-1      | Antigen          | Suckling Mouse Brain Normal (Negative) Control; ELISA Antigen for WN testing                   | 1 mL    | \$142.50                   |          |       |
| EEE-BPL      | Antigen          | Eastern Equine Encephalomyelitis, Killed Virus Antigen w/BPL                                   | 1 mL    | \$292.50                   |          |       |
| VEE-BEI      | Antigen          | Venezuelan Equine Encephalomyelitis, Killed Virus Antigen w/BEI                                | 1 mL    | \$292.50                   |          |       |
| WEE-BEI      | Antigen          | Western Equine Encephalomyelitis, Killed Virus Antigen w/BEI                                   | 1 mL    | \$292.50                   |          |       |
